

Corporate Profile 2011

Quality Life Services, Inc. is a private and Canadian owned and operated company supplying primarily disposable incontinent products together with the education relative to the management of incontinence in long term care facilities, to Dealers, through Home Care and for the home user.

Since inception in 1986 this company has sold and distributed exclusively listed products such as Tranquility, MoliCare, Complete, Compaire, and our own Japanese made pull up system.

All of the above plus other leading brands of incontinent products such as Tena, Attends, Abena and the Kimberley Clark range such as Depends & Poise Pads are distributed to Dealers across Canada. Sizes range from baby to Bariatric in the form of briefs, adult pads, pull ups, small pads, and bed pads and to accommodate all levels of incontinence, plus washables.

Our main office is in Winnipeg, Manitoba at 980 Nairn Avenue servicing the geographical area from Thunder Bay, Ontario to the west coast. Our office in Ottawa, located at 12-770 Industrial Avenue serves Ontario and all points to the east coast. Both offices serve their respective northern regions.

Our team of Health Professionals provide a perpetual educational program that is viewed as simply outstanding by industry professionals across the country. The educational program is provided to institutions, Home Care and dealers of health care products and suppliers of incontinent systems.

As you browse the catalogue you will find catheters, walkers, sheepskins, Gabby's and many other items that may be considered as value added.

Protective Underwear

The Protective Underwear is the answer for the incontinent person who wants the protection of a full brief with the convenience of underwear. The Protective Underwear Brief can be easily put on and taken off affording a self-toileting program. The gentle elastic around the waist and leg openings hold the brief securely without binding or leakage. The inner leg cuffs provide additional leakage protection. The waistband is colour-coded and has a tear away seam for quick, easy removal. The cloth like outer material is rustle-free under clothing.

The Protective Underwear includes higher waistband and comfort levels.

Size	Capacity
Medium 26-40" Waist	16.6 oz./450 ml
Large 36-56" Waist	18.9 oz./555 ml
X-Large 57-63" Waist	30.4 oz./950 ml

7120	Wool Mix, Australian eucalyptus based laundry additive, great for natural fibres, use in wash or rinse cycles	750 ml

The above sheepskin items are **machine washable** with the sheared wool length approximately 1" for optimum comfort and relief. The wool fibres permit the air to flow through them, **absorbing moisture** that is wicked to the atmosphere, and providing a natural protection that is difficult to duplicate. Sheepskin is beneficial through all seasons. Please remember that sheepskin is a natural material that may contain minor irregularities or flaws. All measures are taken to remove these flaws.

Gabby's Swim Diapers are a great solution for the swimmer with bowel incontinence. In the swimming pool, hot tub or at the beach, Gabby's Swim Diapers may be worn alone or under a swimsuit. The outer layer is 100% Nylon and the inner layer 100% cotton flannelette, which allows for more comfort and durability. Gabby's Swim Diapers contain solids while allowing liquids to sieve through, but will not fill with air and balloon out or absorb large amounts of water and act as an anchor.

Gabby's Pool Pant Diaper is recommended by facilities across the country and meets or exceeds health regulations for Pool Operators.

These products are not suitable for those with chronic diarrhea.
